

The Fairfield County Alcohol, Drug Addiction and Mental Health (ADAMH) Board needs your ideas and views!

The Fairfield County ADAMH Board is very grateful for the community's passage of the mental health and substance use disorder services levy in November 2018 and the benefits it will provide to Fairfield County residents. During the "ADAMH Strategic Planning Forum Follow-up," we want to report back to you on our post-levy passage strategy and secure your opinions on how the Fairfield County ADAMH Board can best continue to serve the community.

- Do you believe the Fairfield County ADAMH Board is being responsive to community priorities?
- What does a successful Fairfield County ADAMH Board look like to you?

We need your insights as we move forward!

Thursday, June 20, 2019

6–8 p.m.

Violet Baptist Church
